

bCyberwise Booster Session 2 - Assessment Task

Learning Intention:

Today we are: learning to interact positively online

So we can: develop safe and respectful connections

I will know I have been successful: when I can offer strategies to keep myself and others safe online.

A pledge is a promise to do, or not do something.
An Internet Safety Pledge is a promise and reminder to do the right thing online to keep yourself and others safe on the internet, apps, social media, and video sharing platforms.

Assessment Task:

Complete the Internet Safety Pledge statements below.
Provide more than one reason if you can.

I will think before I post online so _____

I will respect other people online by _____

I will not post photos or videos that do not belong to me without consent because _____

I won't meet face-to face with anyone I meet online in the digital world without my parent or carer's permission because _____

I will protect myself online by _____

I will help keep others safe online by _____
