

Year 10 – Smoking and Vaping

Activity Overview

Letter to the Principal for Change

- In this activity, students will individually compose a letter addressed to the school executive, including the Principal and Deputy Principal.
- The letters will emphasize why the group's ideas, developed during the Vaping at School Reform project, should be implemented at school.
- Students individually write a letter to the school executive (Principal, Deputy etc.) explaining why their groups ideas should be implemented at school.
- You can find a scaffold to this task here: [Support scaffold for the letter to the principal](#)

Learning Intentions

- Develop persuasive writing skills to effectively communicate ideas related to substance abuse prevention.
- Understand the importance of proposing practical solutions for implementing group ideas within the school setting.
- Advocate for positive changes in school policies to address substance-related issues.

Success Criteria

- Clearly articulate the group's ideas for substance abuse prevention.
- Present well-reasoned arguments supporting the implementation of these ideas.
- Demonstrate an understanding of potential positive impacts on the school community.
- Utilize persuasive language and effective communication to engage the school executive
